

SONY

SEL70200G

FE 70-200mm F4 G OSS Full-frame E-mount Zoom Lens

The small size, versatile 35mm focal length, and outstanding overall performance of this Carl Zeiss Sonnar T* lens make it an ideal match for compact 35mm full frame format E-mount bodies. Although the optical design is state-of-the-art, this superb wide angle lens remains true to the original Sonnar concept with a bright F2.8 maximum aperture ("Sonne" means "sun" in German). Three double-sided aspherical elements minimize aberration so that stunning contrast and resolution are maintained right out to the image edges at all apertures. The renowned T* lens coating contributes to natural color reproduction as well.

Key Features

Specifications

Optics/Lens	
Lens Type	Sony E-mount (Full Frame telephoto zoom)
Lens Mount Type	Sony E-mount (Full Frame)
Lens Stabilization	Optical SteadyShot
Aperture	Circular
Aperture (Max.)	f/4 (constant)
Aperture (Min.)	f/22
Focal Length (35mm equivalent)	70-200mm (35mm) 105-300mm (APS-C)
Filter Diameter	72mm
Lens Construction	Dust and moisture resistant
Lens Groups-Elements	15 groups, 21 elements
Minimum Focus Distance	39.3 - 59" 1 - 1.5m
Angle of View	34°-12° (35mm) 22°-8° (APS-C)
Aperture Blade	9 blades (Circular aperture)
Aspheric Elements	2 advanced aspheric, 1 aspheric, 1 super ED, 2 ED
Lens Weight	29.7 oz. (840 g)
Maximum Magnification	0.13x
Focus-hold Button	Yes x3
Weights and Measurements	
Dimensions (Approx.)	3-1/4" x 7" (80 x 175mm)
Weight (Approx.)	29.7 oz (840g)
Accessories	
Supplied Accessories	Front and rear lens cap ALC-SH133 lens hood (round) Tripod mount Lens Case
